PROFESSIONAL SUMMARY

Software Engineer and Business Intelligence Developer with 3+ years of professional experience building data-driven solutions and operational dashboards for enterprise environments at AutoZone. Specialized in SQL, data visualization, and BI platforms including WebFOCUS and Google Looker. Proven ability to transform business requirements into analytical dashboards and scalable reporting solutions that support operational decision-making.

CORE SKILLS

- 1 Business Intelligence: SQL (Advanced), Data Modeling, Dashboard Development, Data Visualization, Reporting Automation
- 2 Tools & Platforms: WebFOCUS, Google Looker, Google BigQuery, Jira, Agile/Scrum, Excel
- 3 Programming: JavaScript, C#, REST APIs, Database Integration
- 4 Web Technologies: HTML, Frontend–Backend Integration
- 5 Systems: Windows, macOS

PROFESSIONAL EXPERIENCE

- 1 **AutoZone Mexico — Programmer, Store Operations** (Mar 2025 – Present)
Design and develop enterprise BI dashboards, optimize SQL queries, automate reporting processes, and collaborate with stakeholders to define KPIs in Agile environments.
- 2 **Associate Programmer** (Feb 2024 – Mar 2025)
Developed and maintained BI reports and dashboards, improving data accessibility and reporting efficiency.
- 3 **IT Intern** (Apr 2023 – Feb 2024)
Supported development and maintenance of internal analytical tools and dashboard implementations.

EDUCATION

- 1 Bachelor's Degree — Software Development and Management Engineering, Universidad Tecnológica de Chihuahua (2021–2025)
- 2 Associate Degree (TSU) — Information Technologies, Multiplatform Software Development, UACH

PROJECT EXPERIENCE

- 1 Developed and optimized SQL-based data models to support Business Intelligence reporting and analytics.
- 2 Designed and built interactive dashboards using BI tools to visualize KPIs, trends, and performance metrics
- 3 Extracted, transformed, and analyzed data from multiple sources to generate actionable insights for decision-making.
- 4 Implemented database-driven reporting solutions, ensuring data accuracy, consistency, and performance.
